Winter finally came back and forced us to cancel the January meeting. It doesn't pay to argue with Mother Nature.

The next meeting of MRAC will be on February 22. We are hoping Russ Schreiner will be available then to present his program on the new Kenwood TS950.

Kelly Schaefer, N9HBN, Byron Bye, and Pancho Doneis, KA9OFA collaborated on a design for a club logo. In fact, they came up with two acceptable designs. One uses the club call sign. The other does not. Now we need someone to convert the black and white designs into color. Anyone with ideas can contact Kelly at 355-1357. A T-shirt with a black and white logo on it will be available for inspection at the next regular meeting.

We have been in touch with the Circus World Museum and they will let us know in a few weeks whether we can have space for a special event station at the Circus Parade grounds at the lakefront. In the meantime, we need volunteers to handle the station and a committee to make preparations. Volunteers can call Kelly (355-1357) for more information.

The H. Charles Kaetel Amateur Radio School, sponsored by MRAC, will start Wednesday February 28, 1990, at Wauwatosa East High School at 7:30PM. Registration and check-in will start at 7:00PM in room 256.

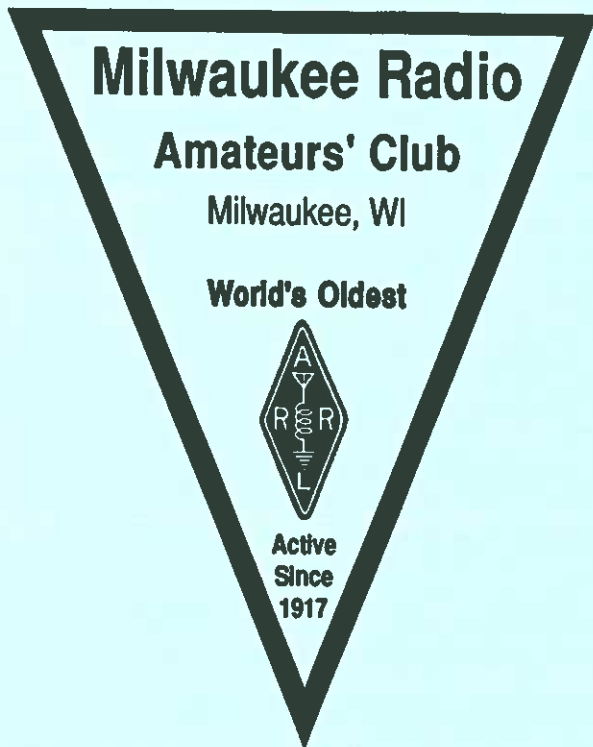

The MRAC-VEC will be conducting license exams on the first Wednesday of every month up to, and including, June 6, 1990, at Wauwatosa East High School, Room 256, starting at 7:00PM. If you wish to up-grade, you MUST bring your current license, TWO photocopies of same, a form of ID, and a fee of \$4.75. Walk-ins accepted. For information call Jack Krause, W9JK, at 774-6999.

Think Spring -- Last May we had a Spring Get-together dinner party. We will have one again this year, but the board would like some input from membership. Last year it was held on a Thursday evening and it was a success. Some thought was given to moving it to a Saturday, and having a luncheon instead of a dinner. If you have a preference call any one of the board members and let him know. This can also be discussed at the next meeting. Think about it!!!!!!

A roster is enclosed. The first page is an alphabetical list according to call signs. The roster itself is listed alphabetically according to last name. The addresses and phone numbers are as we have them in the official records.

On the other side of this publication are the two logos in need of color. You artists out there, see what you can do with them.

Logos courtesy of Kelly Schaefer, N9HBN, Byron Bye, and Pancho Doneis, KA9DFA.

Anyone with anything to put into this fine publication can call 546-0647, send it to:
